Sir:

REMARKS

In reply to the Response to Amendment dated May 19, 2005, please consider the following remarks for the above-identified U.S. patent application:

Claims 1-27 are pending.

The Examiner has indicated that the reply of September 14, 2004 is not fully responsive to the Office Action of June 16, 2004. In particular, the Examiner indicates that the rejections of claims 11-15 under 35 U.S.C. § 103(a) have not been addressed.

As pointed out during the telephone conference with the Examiner on June 17, 2005, the reply of September 14, 2004 mentions the rejections of these claims on page 8
